BCPS ONE

What is BCPS One?

- The BCPS One **Learning Management System (LMS)** will be a digital learning environment used by Baltimore County Public Schools' educators, students, and parents in the teaching and learning process. It will support face-to-face, blended, and online learning using an interconnected system of digital curriculum, content, and assessments, student performance data, student grades, and communication. The LMS will operationalize customized and personal learning through individual playlists, immediate feedback, opportunities for choice, and evidence of student learning.
